

I support K-LOVE radio and I believe this station is a source of encouragement and great Christian music, that the whole family can listen to. This is one of the few stations that we can have on when our grandchildren are with us, without the worry of bad text. There are not enough of this kind of programming on radio or TV. For some people, this is the closest they will ever get to church, and this can mean the difference between crime and drugs, or giving them something they can hold on to, when all else fails. Redding, CA. is a small city and this would be an injustice to take K-LOVE off the AIR.
